

Queen Elizabeth II Cup 2010

In line with our efforts in contributing to the community, we sponsored race 4 of the QE II Cup to raise funds for the Hua Mei Community Services for the 3rd consecutive year. The funds will benefit directly Hua Mei's mobile and care management services, which have been bringing home medical care, nursing and social services to over 600

homebound seniors above 65 years old. This year, it was a very special one for our guests as for the first time, the race was held in the evening! A total of S\$397,872 was raised from the event. The Turf Club also donated a wheel-chair friendly van to Hua Mei Centre which will be used to transport the wheel-chair and homebound seniors of the Centre.
