

William Wegman Private Viewing

On Thursday evening, 3 September 2009, FPA hosted a private viewing of US artist William Wegman's exhibition at Fortune Cookie Projects. This was the artist's first solo exhibition in Singapore. FPA hosted this event to interact with clients and guests and to appreciate art. Wegman is most popularly known the world over as the 'Man with the dogs'. Works on exhibit included the stately, highly graphical series where his Weimaraners appear against blocs of bright, saturated colour, several photos of flying puppies and paintings where postcards serve as the starting point. Canapés were from Marmalade Pantry and wine from Wolf Blass and Penfolds.
